Subject: Dimock site support

This message is to give ESAT a heads-up for a considerable number of samples that will be arriving for ESAT sample log-in support. The LB will provide some assistance/support for the Dimock site. I will ask the LB to include someone from ESAT in the discussions for handling and processing the samples. I am not certain at this time if any ESAT analytical support will be required. As soon as I am made aware, I will let ESAT know. Kevin Martin is the contact for the Sample log-in/processing. This is a high priority and highly visible site. Samples may begin to arrive before the end of the week.

Thanks!!!!!!!!!!!!
